Step 2: Measuring your door size

Don't forget to include the trim when you measure the door.

Make sure to measure from outside trim edge to the other outside trim edge.

	Height (in)	Width (in)		Height (in)	Width (in)
Door 1:	_____	X _____	Door 4:	_____	X _____
Door 2:	_____	X _____	Door 5:	_____	X _____
Door 3:	_____	X _____	Door 6:	_____	X _____

Step 3: Measuring your window size

Again, remember the trim is part of your window dimension

	Height (in)	Width (in)		Height (in)	Width (in)
Window 1:	_____	X _____	Window 4:	_____	X _____
Window 2:	_____	X _____	Window 5:	_____	X _____
Window 3:	_____	X _____	Window 6:	_____	X _____

Step 4: Ceiling & Construction

Sometimes ceilings are not flat, even in the same room so enter the lowest height of the ceiling in the field labeled "Ceiling Height." If you have soffits in your kitchen and still want to keep it, make sure to measure the height & depth and take note on the floor plan.

Ceiling Height _____ Inches
Does your kitchen have soffit? YES NO
If yes, do you want to keep it? YES NO
Are there any utilities inside the soffit? YES NO
